

THERE IS NO MASS CONSCIOUSNESS

We are seen by the spirit realm
And the demons talk in your head
The demons talk to one another
And make you believe we think the
Same thoughts—
But don't be fooled or be misled.
You are a body, a soul and a spirit
And you have free will and a choice—
To go to Jesus the Savior
Or to die in your sins—
Dear one you do not want to
Go to the place of torment—
I smelled the sulfur it is real—
Thank Jesus that He offers you Life
And a way out—
If you will go to Him today—
That is the best decision you made
Without a doubt.
