RE: Request "**National Day of Repentance**"

Dear President Donald Trump,

I am writing you today to request a National Day of Repentance. I believe our Constitution upholds the standard of how American's should lead their life in God. We as a nation of people need to get back to God's commandments. Our country needs blessings and standing together above all made a division in shootings and a blessing from God to protect our great nation from more harm from school shootings. We need to bless our nation and admit our faults to God. We can pray for all lost souls to repent and the purpose is to save them. Below is a redemption and blessing prayer to use for our great nation United States of America.

"Heavenly and Merciful Father ever so compassionate have mercy on us as a nation. Our humble hearts reach out to you for our forgiveness of sins. We have greatly sinned before you for we have not kept our focus on you and your commandments. We today come together as a nation to repent of our sins. We repent, now, and turn to you God, so that our sins may be wiped out, that times of refreshing may come from the Lord. We pray that you send a time of blessing, that you intervene for us and protect all of the people of our great nation. In Jesus name we pray, Amen."

Thank you for reading this message and prayer. I look forward to your response.

Sincerely,

Suzae Chevalier
