

### **A BLESSING IS FROM HEAVEN**

We were made in God's image

As you can see

We were given free choice

To go to Jesus for eternity.

He gave us creativity.

We bring heaven to earth by the Holy Spirit

Within.

God keeps his promises once your soul is redeemed.

Lord Jesus Christ came here free the captives

And give us more life.

We can be freed from the bondage of sin

Which causes strife.

### **A CURSE IS FROM HELL**

A curse is from hell

When we do sin

Into the human race

Everything that is a disgrace.

How do we clear our fate?

Being like Lord Jesus Christ

Through his Holy Spirit is true

It guides, leads us to be holy

All the way through.

## **A DEMON IN A CLOWN'S SUIT**

In Steven King's movie

Antagonist is a clown

Who kidnapps children

In this small town.

Did you know the clown named It

Is really a demon in a clown's suit?

I know you might refute,

But this clown is not cute

This clown did such evil things to these kids.

Also I have to tell you

The spirits can mess with tv sets

This happened to me with my tv

I saw this with my spiritual eye,

You don't have to believe

But everything in this realm

Does not come from 3<sup>rd</sup> heaven in the sky

I cut to the chase for I have to make the human race

Be aware that it is not cool for teenagers in our schools

To hear songs about guns thinking it is all for fun.

And horror stuff is leads to horrors in nature real.

## **ANGELS BY YOUR SIDE**

For every demon

Two angels are by your side

I called on angels when

I went in my car for a ride.

I called on the arch angels

One day before I went in my car

Then a car hit us from rear very hard.

The van behind us had many dents

driver was scared--

My car had no dents

It was clean completely bare.

A miracle from heaven

Me and my friend did see

The angels protected my friend and me.

## **BLESSINGS FROM HEAVEN CURSES FROM HELL**

The blessings of humans are from heaven

and the curses are from hell.

They are in our DNA which is supernatural.

Swearing, gossiping, lying

Originated from hell

Heaven brings great talent

singers and art--

We need to break curses and make a new start.

For our family tree and all of humanity.

## **CHRIST HAD NO CURSES/SIN**

Virgin Mary you do know had an immaculate birth with

Our Savior we love so.

Jesus was not born in sin

He was not born of two parents that walked the Earth's land

If that helps you understand.

Mary was a virgin so no pass of her DNA

This how Jesus was born with no sin

On that miraculous day.

He came straight from heaven but formed

In her womb.

His DNA did not have family curse's made of gloom.

His conception was miraculous which you see

He came to take away the sins of humanity.
