RE: Request "**National Day of Repentance**"

Dear President Donald Trump,

I am writing you today to request a National Day of Repentance. I believe our Constitution upholds the standard of how American's should lead their life in God. We as a nation of people need to admit our faults to God. Our nation has become lost to who the True living God is. The life of God is in the blood of Jesus. We as a nation need to start pleading the blood of Jesus in our prayers to be effective in getting our prayers answered as a nation.

We have a supernatural God and we are made in His image. We have a supernatural soul and spirit. We are fighting a spiritual battle, not a human battle in this nation and world of ours. It all starts in the spiritual first. Let us pray the prayer below out loud and ask God for a day of refreshing that all souls of people in the United States will have salvation through our Lord and Savior, Jesus Christ.

Below is a redemption and blessing prayer to use for our great nation United States of America.

"Heavenly and Merciful Father ever so compassionate have mercy on us as a nation. We come today in the name of your Son Jesus Christ and we claim the blood of Jesus over this prayer. Our humble hearts reach out to you for our forgiveness of sins. We have greatly sinned before you for we have not kept our focus on you and your commandments. We today come together as a nation to repent of our sins and ask for forgiveness. We repent, now, and turn to you God, so that our sins may be wiped out, that times of refreshing may come from the Lord. We pray that more adoptions happen in heaven, that the citizens of our great nation our saved in the spirit when they humbly repent before you. Please send a time of blessing on our nation and that you intervene for us and protect all of the people of our great nation. In Jesus name we pray,
Amen."

Thank you for reading this message and prayer. I look forward to your response.

Sincerely,

Suzae Chevalier
